

School Trips around Ojcowski National Park

School trips with a tourist guide along the Ojcow National Park

Among the Rocks and Caves - Discover Karst Phenomena - Geological Tour

On the route of the trip, we will be able to see the most famous rock spire - Hercules Club, which was created as a result of karst water activity. We will go to the Castle in Pieskowa Skała built into the rocks (we will see it from the outside, it is possible to buy tickets for an additional fee). A walk around the Prądnik Valley will show us another rock spire - the Needle of Deotyma and numerous groups of rocks with the most characteristic rock gate - the Krakowska Gate. We will also visit the Dark Cave, where we will see dripstones and other cave forms, and a Neanderthal camp. The trip ends with a visit to the Bat Cave, where there is a place for a bonfire with a grill, where volunteers with their own lunch (the group's own sausages) can use the hearth and also rest for a while on benches and grass.

ATTENTION! It is necessary to declare the desire to use the place for sausage roasting when booking the trip!
